Biographical/Historical Note

In 1957 the City Council entered into a contract with the Virginia Department of Highways to widen Washington Street (Route 29-211) from East Fairfax Street to the north corporate limits. This was in lieu of making Maple Street a one-way road south and Washington Street one-way north. There was an additional project that continued the widening of Washington Street farther south to Cavalier Lane and Greenway Boulevard and later to Graham Road.

Scope and Content

Most of the files contain correspondence with the property owners and with the State Department of Highways. These concern assessments of the property, rights-of-way, and property lists. There are also blueprints that list the property owners.

Arrangement

Most of the files are correspondence and are arranged chronologically.
