# Biographical Information

John K. Martin was born in New Jersey in 1817 and moved to Richmond around 1837. He served as the United States mail agent from 1839 to 1847 and became involved in Democratic Party politics around that time. This political association cost Martin his position as mail agent with the election of Millard Fillmore, a Whig Party member. Martin then developed a legal practice as a pension and claims agent for military veterans. At this time Martin also speculated in western lands to make extra money.

On 27 June 1843 John K. Martin married Elizabeth Howell, daughter of Michael Howell of Richmond, at Centerary Church in Richmond. Martin died on 5 September 1883 in Richmond.

# Scope and Content

Records, 1777-1907, of John K. Martin, a pension agent for military veterans of the Revolutionary War, Chesapeake-Leopard Affair, War of 1812, Indian Wars, Mexican War, Civil War. The records contain pension claim files for individual veterans and their spouses relating to their military service. The pension claim files principally consist of correspondence and notes concerning land warrants and military service, but there are also wills, deeds, and even Bible records and genealogical notes proving lineage of an heir to the veteran or land ownership. Correspondence within the pension files is between Martin, other pension agents and the pension office in Washington, D.C., and veterans and their family members.

This collection also contains Martin's business correspondence, personal correspondence for both Martin and his father-in-law Michael Howell, financial files including receipts and account books, Martin's files while serving as an administrator of the estate of Elijah Brown (1781-1850), military files and discharge papers, deeds and plats, publications, Martin's notes, and envelopes which were removed from their respective correspondence at a previous time.

Notes, ca. 1840-ca. 1882 and n.d., principally containing John K. Martin's research information that he compiled prior to disbursing land warrants for pension claimants. Includes abstracts and copies of court records including articles of agreement, deeds, plats, wills; land warrants; pension applications; genealogical notes and Bible records; military records. Several types of documents are often all recorded on the same page and the individual to whom the notes pertains has not been determined. As a result, the notes have been filed according to the manner in which Martin used them: as information relevant to disbursing land warrants. There are also notes concerning military records that were used to determine a claimant's qualification for pension. Filed at the end of the series are miscellaneous notes for which the research use could not be accurately deciphered or determined.
