## Historical Information

Highland County was named for its mountainous terrain. It was formed from Bath and Pendleton (West Virginia) Counties in 1847. Its area is 416 square miles, and the county seat is Monterey.

The 1902 voter registration books were created following the passage of the 1902 Virginia state constitution. The purpose of the 1902 state constitution was to maintain white suffrage while eliminating African-American voters by means of literacy tests as well as property and poll tax requirements.

## Scope and Content
