## Historical Information

Lancaster County was named probably for the English county. It was formed from Northumberland and York Counties sometime between 26 March and 16 September 1651. The county court first met on 1 January 1652. The county seat is Lancaster.

Two freeholders were appointed on order of the county court to procession or review the bounds of farms or tracts of land in each precinct in order to renew or replace old landmarks. This was originally a function of the church vestry, but was continued by the court after disestablishment. Persons who walked the boundaries were called processioners.
