## Historical Information

Rockbridge County was named for Natural Bridge, an exceptional rock formation located in the county. The county was formed from Augusta and Botetourt Counties in 1778, and another part of Botetourt was added in 1888. The county seat is the city of Lexington.

Two freeholders were appointed on order of the county court to procession or review the bounds of farms or tracts of land in each precinct in order to renew or replace old landmarks. This was originally a function of the church vestry, but was continued by the court after disestablishment. Persons who walked the boundaries were called processioners.

## Scope and Content

Processioner's Records, 1812-1813 typically record an area of land processioned with geographical landmarks, roads, property lines noted, the names of the persons present, the date(s) when the processioning occurred, the names of the processioners, and the date that the return was recorded by the local court.
