Historical Information

Context for Record Type: Organization Records, both volumes and loose records, are in some cases transferred to the Library of Virginia as components of court record transfers. These organization records in some cases were simply stored in the local court building for safe keeping by business owners. In other cases, organization records (particularly ledgers, account books, etc.) may have been filed in a court case as an exhibit. These organization record exhibits appeared both in chancery causes and in judgments, these records serving as exhibits for business dissolution cases, debt suits, and contract disputes.
