# Arrangement

The drawings are grouped by project and stored by size. The smaller sketches and the translated "Sheet Identification" information for most of the drawings are stored in the flat box. Oversize drawings for the Sunny Coast Resort in Bulgaria are stored rolled. The rest of the drawings are stored in oversize folders.

In order to provide translation information for the Bulgarian on each sheet, all the drawings stored in oversized folders have a pencil notation on the left of the title block along the bottom edge that included the initials "IAWA", a letter for that set of project drawings, and the sheet number. The corresponding translation for each drawing is stored in the flat box. For example, more information about the "Attached Houses for Three Families" in Bulgaria in folder one, marked IAWA D1 to IAWA D8, can be found by looking at the translation sheet under that code.
