Biographical / Historical

This collection documents the architect Sally Waldner Bould Stan who lived from 1917 to 2008 and who spent most of her life in Lafayette, California. She earned her degree in architecture after 4 years of study at the University of California, Berkeley as one of three women in her class. She married in 1940 and later divorced in 1967. Over the course of her life, Sally designed around 2000 homes as well as numerous notable commercial projects. She was the first woman to serve on the board of the Lafayette Improvement Association, first as secretary; she then advanced through various roles, from treasurer, to vice president, and then to president. Sally continued her professional practice, primarily working from home and getting work via referrals, until retiring in 1998. Her collection contains biographical references and drawings for 55 of her projects. Pictures of her work are available on the [VT ImageBase](#).

Scope and Contents

The collection is comprised of biographical materials and architectural drawings for residential and commercial projects. Among the biographical materials are two brief biographical accounts of Stan's life, a memorial bulletin with a portrait photograph, obituary, and service information. Residential drawings include sepia, diazo, and trace paper drawings. Commercial drawings include sepia and trace paper drawings. Several projects also include engineering calculation notes.
