The processing, arrangement, and description of the Nelson Liddle Collection was completed in September 2012.

Preferred Citation

Researchers wishing to cite this collection should include the following information: Nelson Liddle Collection, Ms1012-048, Special Collections, Virginia Tech, Blacksburg, Va.

Historical Note

The Virginia Tech Airport, initially planned in 1929, and construction of a runway strip quickly followed. The land was provided by VPI, but the state funded 50% of the costs. The airport opened operations in 1931, and over the next 50 years, it grew and expanded its capabilities. The airport at Virginia Tech underwent substantial updates and modernization in the early 1990s.

Scope and Content

The Nelson Liddle Collection consists of photographs of the VPI Airport and aircraft during WWII as well as a photocopy of "The Beacon" newsletter from November 1942.
