**Publisher:** University of Richmond Book Arts Studio  
archives@richmond.edu

## Profile Description

**Creation:** This finding aid was produced using ArchivesSpace on 2025-10-16 07:03:42 -0400.

**Language Usage:** Description is written in: English, Latin script.

## Descriptive Summary

### Unit ID

BA-19

### Unit ID

/repositories/6/resources/78

### Unit Date

2018

### Language

English

### Description

"This book is made of two parts: the first is based on statistical data, generally on global samples. Pages are from 1 to 32. The second is based on surveys of reported data (perceptions, sensations, beliefs. Pages are from a to w [that is, a to v] You can read the two sections separately, or you can use the index to find links between the two. Choose your subject, match the numbers and letters, and then overlap the pages."--Page [1] "Frequently, the debate regarding gender equality becomes a clash of opinions, impeding any real inquiry. In *The Veil is Seen Only When it is Lifted*, the artist provides accumulated data as an instrument for breaching this impasse. Origoni visually restructures this conversation, arranging statistics with simple, playful design and breaking up the codex's linear narration. The book is composed with two studies; their bindings fall on opposite sides of the book. A Coptic-bound section presents quantitative data and the spiral-bound section reports experience-based data. Viewers are invited to read these parts separately or simultaneously, pages can be overlapped in patterns that unveil new information." --
