Preferred Citation

Dr. Kelvin Ramsey Collection of Stereoviews, Special Collections Research Center, William & Mary Libraries.

Biographical Information:

Dr. Kelvin Wheeler Ramsey is native of Virginia and graduated from Randolph-Henry High School in Charlotte County. He graduated from William & Mary in 1979 with majors in Geology and Classical Studies and went on to receive his master's from Vanderbilt University and a doctorate from the University of Delaware, both in Geology. He joined the Delaware Geological Survey at the University of Delaware in 1987 and currently serves in the position of Scientist.

Scope and Contents

This collection contains stereoviews, lantern slides, and other photographic materials collected by Kelvin Ramsey. The stereoviews were distributed by various companies, including Melander and Brothers, Keystone and Company, Bell and Brother, and D.H. Anderson. The images cover various historic sites and monuments in Washington, D.C. and Virginia, such as Arlington National Cemetery, Harper's Ferry, the White House, the William & Mary, Jamestown, and Fort Monroe. The bulk of the lantern slides feature landscapes in Virginia, including Mount Vernon, Williamsburg, Yorktown, and Jamestown. There are also images of tobacco plants and of aspects of growing and treating tobacco.
