Administrative Information

Conditions Governing Access:

The collection is open to all researchers.

Manuscript collections and archival records may contain materials with sensitive or confidential information that is protected under federal or state right to privacy laws and regulations, such as the Virginia Public Records Act (Code of Virginia. § 42.1-76-91); and the Virginia Freedom of Information Act (Code of Virginia § 2.2-3705.5). Confidential material may include, but is not limited to, educational, medical, and personnel records. If sensitive material is found in this collection, please contact a staff member immediately. The disclosure of personally identifiable information pertaining to a living individual may have legal consequences for which the College of William and Mary assumes no responsibility.

Conditions Governing Use:

Before publishing quotations or excerpts from any materials, permission must be obtained from the Special Collections Research Center, and the holder of the copyright, if not Swem Library

Preferred Citation:

Institute for Historical Biology Records, Special Collections Research Center, Earl Gregg Swem Library, College of William and Mary.

Historical Note:

Information about this individual or organization may be available in the Special Collections Research Center Wiki: http://scdbwiki.swem.wm.edu/wiki/index.php/Institute_for_Historical_Biology.

Scope and Contents

This collection contains reports related to the Institute for Historical Biology, a part of the Anthropology Department at the College of William and Mary. The reports include "Assessment of Human Remains from Archaeological Site 44YO2," "Report on the Human Remains Recovered from Block 23CB on Colonial Williamsburg Property," and "Analysis of Two Human Skeletons from Smith's Fort, Bermuda.

Related Materials:

The Department of Anthropology Records (UA 201)
